**Intro: [Gm] [F] x 2**

**Gm** **F**  
When you first left me, I was wanting more  
**Gm** **F**  
but you were f\*\*\*ing that boy next door, what'd you do that for?  
**Gm** **F**  
When you first left me, I didn't know what to say  
**Gm** **F**  
I never been on my own that way, just sat by myself all day

**Gm** **F**  
I was so lost back then but with a little help from my friends  
**Gm** **F**  
I found the light in the tunnel at the end  
**Gm**  
now you're calling me up on the phone  
**F**  
so you can have a little whine and a moan  
**Gm** **F**  
and it's only because you're feeling alone

### [Chorus]

**Gm** **F** **Gm**  
at first when I see you cry / yeah it makes me smile  
**F** **Gm** **F**  
yeah it makes me smile / at worst I feel bad for a while  
**Gm** **F**  
but then I just smile / I go ahead and smile.....

**Predictable behaviour, I crave ya.  
I live for you, my only living saviour.  
Sometimes I hate ya. But I'm whipped.  
Being gone head down to the crypt.  
Restricted like a conscript, you loved to bully,  
I placed the blame with you. Fully...**

**Gm** **F**  
Whenever you see me, you say that you want me back  
**Gm** **F**  
And I tell you it don't mean jack, no, it don't mean jack  
**Gm** **F**  
I couldn't stop laughing, no, I just couldn't help myself  
**Gm** **F**  
See you messed up my mental health I was quite unwell

## Smile: Lilly Allen

**Gm** **F**  
I was so lost back then, but with a little help from my friends  
**Gm** **F**  
I found a light in the tunnel at the end  
**Gm**  
Now you're calling me up on the phone  
**F**  
So you can have a little whine and a moan  
**Gm** **F**  
And it's only because you're feeling alone

Don't panic. There's only we too left on the planet  
I can explain...I know it happened again. It's manic  
I'm standing in the flame, trying to fan it, panic.  
You don't know what you've got till it's gone  
And by the edge of the night, where nobody belongs  
I'm addicted

### [Chorus]

I'm addicted...I have a demon for a wife.  
He delights in your pretty face and he hates my life.  
Takes notes on how to provoke past grief,  
makes my teeth decay with the last of my self-believe.  
Feed all day from underneath  
Like a thief, I'm left weak, barely able to speak  
I seek nothing but constant supply  
I can read every look like a book in your eyes  
I leave with a lie, maybe our love will never die  
Or, maybe it's the last time I make you cry

### [Chorus]

**[Gm] [F] x 2** **[Gm]\***
